EMPLOYII: HR ON CALL & RETAINER SERVICES

Our retainer HR services offer businesses peace of mind when it comes to all things staff. We're not just a telephone service; we'll be as engaged as you want us to be. Performance meeting? We'll be there. Staff query? We'll chat to them. Fair Work calling you? Let us handle it.

Employii is based on people and relationships; to us, that's what makes good business.

With a HR expert on your side you'll reduce the impact of potential unfair dismissal, discrimination, underpayment and other claims.

Did you know: most claims are successful because the Employer failed to follow HR best practice and *not* because there wasn't a valid reason for the action taken?

***ADDED EXTRA:**

All Level 1 - 4 Retainer Clients receive \$1700+ in extra value!

- The Complete Employee Handbook Template (Online)
- Access to our Monday.com platform and automated workflows.
- Use of our Pandadoc e-Signature and online document distribution platform.

OUR SERVICES:

- Drafting employment contracts, job descriptions and policies and procedures
- Managing staff Covid-19 compliance requirements
- Research, project design and planning
- Document drafting and record keeping
- Meetings
- Workshops, seminars and training
- HR administration

To make the most of your package, tasks are weighted differently depending on the complexity of the task and the seniority of the team member required to complete it. As an indication:

100% Tier 1: HR & IR Advice

50% Tier 2: Administration

What does this mean? It means more value for you.

Taking the Level 1 retainer package as an example, you get 3 hours of service per month.

What this could look like in practice:

(A) 3 hours IR advice (Tier 1)

(B) 6 hours HR admin (Tier 2)

(C) Or, a combination. E.g.: 1 hour of IR advice (Tier 1) and 4 hours HR admin (Tier 2)

Flexibility

At the discretion of the Director, clients may use their hours flexibly across their 12 month contract. If you have a Level 1 retainer package and only use 2 hours in March, the third hour can roll into April. If you require more hours up front, you can purchase additional hours at your applicable hourly rate, or consider upgrading to the next level for the remainder of your contract.

Tracking and Transparency

We track all of our hours through our app and can provide you with an update on how you're using your package at any time. We are fully transparent and always ensure we achieve high value for our clients.

Our hourly and project services are at a flat hourly rate or by quote. Weighted services only apply to retainer packages.

We are often contacted to draft contracts of employment and employee handbooks. Displayed are our indicative prices. Both documents are fully customised to your company and assessed against the relevant Awards and Agreements for compliance and HR best practice.

If we identify potential risks through this process, we'll provide you with a basic risk analysis and alternative recommended actions for your consideration. Why Invest in HR Services?

TRUSTED BY EXPERTS

When it comes to industrial relations (IR), we're the 'go-to' company for HR consultants.

We get sub-contracted by HR professionals for our IR expertise.

Contracts, entitlements, Award, pay, policies and procedures, performance management... that's our bread and butter.

By coming to us directly, you know you're getting the best price first hand.

AVOID FINES

Fair Work are serious when it comes to workers' rights. If you underpay your staff **you could face court ordered fines of up to:**

- **\$13,320** per contravention for an individual (i.e. you)
- **\$66,600** per contravention for a company
- **\$133,000** per 'serious' contravention for an individual
- **\$666,000** per 'serious' contravention for a company

A serious contravention is one you knew was happening. A standard contravention (\$13.3k - \$66.6k fines) just means it happened. This is on top of back paying all monies owed.

**It's not worth the risk.
Let's make sure you're HR compliant!**

STAFF CULTURE

Absolutely everything you do in business will impact your staff culture. Our experienced team will consider best practice not only from a compliance perspective, but from staff engagement and brand reputation perspectives as well.

Any change you make needs to be strategised and implemented successfully in order to support employee buy-in, minimise backlash and increase staff engagement, satisfaction and productivity.

We get to know who you are as a company and ensure we embed your desired culture at every opportunity.

With staff shortages only expected to get worse, a good company culture is your key to **attracting and retaining the right people.**
